

Undergraduate Degrees supported by the Faculty of Arts and Social Sciences

LLB Law

Duration: 3 Years

Studying Law with us gives you the opportunity to gain a strong awareness of the social, political, cultural and historical dimensions of Law. Students benefit from the innovative teaching techniques alongside traditional methods of our highly experienced lecturers. Whilst studying this course, you will develop vital skills in giving presentations, public speaking and teamwork as well as research and writing skills. You also have the opportunity to study the core foundation topics for a Ghanaian Law Degree in a dynamic interactive culture. You will also be able to pursue your own interests through a list of optional modules.

BA Politics and International Relations

Duration: 3 Years

This degree will give you a strong grounding in both theoretical perspectives and concrete cases in politics, covering topics such as human rights, development and religion and violence. In addition it will give you a good understanding of the forces that shape the political relations between nations and involving super-state actors in the world today. The course covers the EU, Africa, and the USA, as well as general themes in the field of International Relations – such as security, global danger, and external intervention in conflicts, however most of the course' focus is on African violence and conflict. This is relevant to the current continent we live in.

Undergraduate Degrees Supported by the Faculty of Science and Technology

BSc Psychology

Duration 3 Years

As well as studying the work of some of the greatest psychological thinkers in history, students are encouraged to play a part in the global debate and explore their own thoughts and theories. Psychology is an extremely exciting and varied subject that looks into mind, thought and behaviour. It covers many fascinating topics such as how we learn to think and speak as children, how we develop memory and how we form relationships as well as bigger issues, which cover forensic psychology, investigative psychology and clinical psychology.

BSc Computer Science

Duration: 3 Years

The overall aim of this programme is to provide you with the knowledge and skills required to be a computing professional. Our approach is very hands-on when it comes to computing and our projects allow each student to see and understand first-hand how technology works in various companies work. A student project usually consists of building a software application from scratch - this involves the conception, design, delivery and branding of the app.

Entry Requirements

WASSCE: A one-year Foundation Programme is required
 'A' levels: CCC or above (Direct entry into undergraduate level)
 IB students: 27 points (Direct entry into undergraduate level)

Student Life

Student society & Activities

We are not all work and no play! Our campus is a buzzing hub of social and academic life, where people from all backgrounds come together. We value creative expression highly, and encourage our students to share their passions and interests with us.

We value creative expression highly, and encourage our students to share their passions and interests with us. From open-mic nights, that showcase individual talents to fun themed nights, we give our students a platform to express their personality and nurture their talents.

Some of our clubs and societies are :

Media Club, Business Society, Lunchbox Society, Lancaster Raven Literary Magazine, Music and Poetry Club, Football Club, Rugby Club, Gaming Society, Polsoc, Law Society and the Olympic Club.

Career Development Workshops

Our Careers and Employability team work with students throughout the year to make them aware of what options are open to them after graduation. We invite influential guest speakers to discuss their experiences and career progression, before offering some tips for success. These guest speakers are huge hit with students, and provide a good balance in respect to their academic work.

Our team also aid students in their search for an internship, working with influential corporate entities and Lancaster alumni to place students in the workplace. This allows them to develop skills and networks that will be vital after graduation.

Fees

Students studying an undergraduate programme will pay a tuition fee of \$9,000 per academic year. Students studying the foundation will pay a tuition fee, of \$7,700 (or cedi equivalent)

Scholarships

We provide a few scholarships to students in the form bursaries. These scholarship range from 10% to 30%. We offer scholarships based on academic merit, sports merit, financial aid and more!

" I love Lancaster because it has given me a platform to explore my potential in many different aspects of my life. "

Diane Kaye,
Law, Ghanaian student

" You should definitely come to LUG if you want a university experience that will help to shape your future."

John Ennin
Economics and International Relations, Ghanaian Student.

" I chose LUG because the student-to-teacher ratio is excellent and we have direct access to lecturers for any kind of advice, recommendations or suggestions "

Stephen Mutinda
Marketing, Kenyan Student

Programme Guide

Lancaster University is ranked in the top one percent of universities in the world

About Lancaster University Ghana

For over 50 years, Lancaster University has been providing world class education to students globally. Ranking among the top 1% of universities worldwide with top ten positions in both The Guardian and Complete University UK Guide University League Tables in 2014, we have secured and consistently maintained a high level of student satisfaction.

Lancaster University Ghana is branch campus of Lancaster University, United Kingdom. The branch campus was established in October 2013 upon receiving approval from the National Accreditation board in Ghana. The University offers an excellent opportunity for students in Africa to study for a prestigious UK degree in Ghana, close to home, whilst maintaining their support group.

Our campus is the only one of its kind in West Africa and is committed to producing graduates who have the skills and knowledge to meet the region's industrial, societal and government needs.

Our campus allows students across Africa to access LU's academic excellence in teaching and research on the African continent and our academic programmes are taught to international standards. Students will be taught primarily by international and local staff as well as by Lancaster academic staff. Graduates will receive the same degree certificates as peers studying in the UK.

Students are welcome to undertake part of their study at Lancaster University, where it's an entire academic year or one term. By studying with us, students will be part of the thriving alumni network consisting of over 100,000 alumni across 148 countries globally.

Foundation Programme

The Foundation Programme prepares students for direct entry into Lancaster University's undergraduate degrees. The programme gives students the opportunity to experience university life while studying in a supportive, specialised environment.

Completion of the Foundation Programme with a minimum completion grade guarantees progression into the first year of all our undergraduate programmes.

- Business & Management Studies
- Computing
- Law & Social studies

Entry Requirements

To gain admission into Lancaster University Ghana Foundation Programme, applying students must be at least 17 years of age and secure an overall IELTS score of 5.5 or equivalent ranking on other recognised examinations and must meet the applicable academic requirement from the table below.

Type of programme	TEFP Entry requirement (In addition to English language requirement)
British system (GCSE / O-Levels, A-Levels)	Completion of 5 GCSE O-Levels and AS-Levels with grade of C or better.
International Baccalaureate	Successful completion of IB year 1.
West African curriculum	C6 minimum 5 subjects in WASSCE with a minimum of C4 in Math and C4 in English
French curriculum	Completion of Premier with a 60% average or better

Student Society & Activities

The International Summer School programme is an exciting programme that LUSU delivers on behalf of Lancaster University. The exchange involves students from the UK, China, Ghana, India, Malaysia, Pakistan and Palestine. It provides opportunities for students to make new friends as well as to create and maintain an international network.

Lancaster City and University are both brilliant places and students enjoy exploring them. Students will stay in the UK for 3 weeks, which will allow them to visit and explore the beautiful Lancaster campus.

Students learn more about the University and college system as well as participate in series of workshops and activities focused on helping them develop new skills, experience the UK culture and increase their employability.

Student Support Services

We offer a range of student support services which help our students throughout their time here. We have an Academic Skills Coordinator who helps our students with their academic writing. We also have a counselling unit which is under the Department of Psychology. This unit was set up to provide accessible and quality services to students and staff to ensure that they have sound mental health and general wellbeing.

Degree Programmes

Undergraduate Degrees supported by Lancaster University Management School

BSc Business Studies:

Duration: 3 Years

Our Business Studies degree gives you a practical overview of how businesses and managers operate in an international environment and provide you with an excellent foundation in the core disciplines of management studies. This degree provides coverage of a wide range of business and management disciplines. Its overall aim is to enable students to understand, engage and form a reflective perspective on, the roles and practices of management in businesses; to enable them to acquire appropriate levels of knowledge within at least two management related specialisms of their choice, combined with a basic knowledge in other specified management related areas.

BA Economics and International Relations:

Duration: 3 Years

Based on contemporary politics, this research intensive course provides you with knowledge and skills that can be applied in real life situations. The combined degree explores the connection between economic and international political spheres, while providing an understanding of the main components of economics, namely economic theory; quantitative methods and economic history. It will develop your ability to analyse economic problems and evaluate the implications for economic policy through thorough understanding of the economic change process.

BSc Accounting and Finance

Duration: 3 Years

The overall educational goal of the programme is to produce graduates who are able to reflect on and understand the disciplines and practice of Accounting and Finance, and are equipped with the theoretical and practical skills needed to embark on a career in this field. Internal reporting of information, analysis of such information, and the planning and control of organisation activities are all a key part of the accounting courses studied on this course. The finance courses encompass financial strategy, and the decision-making process for investment and risk management.

BSc Marketing

Duration: 3 Years

Ranked Number 1 according to The Complete University Guide in 2014 - This degree will provide you with the skills and expertise vital in preparing you for the world of marketing practice. Through theoretical and pragmatic methods of learning, you will fully understand marketing as a management function and a sociocultural phenomenon to formulate effective marketing strategies. The purpose of this course is to take a broad approach to markets, marketing and marketing management, whilst developing your knowledge and skills in ways that enable you to think strategically about the growth of an organisation as well as developing effective marketing practices that make and shape the markets.
